

# HAVING FUN IN QUARANTINE

DO

Make  
lemonade

DON'T

Have a  
lemonade  
stand

Play  
hide

Play  
seek

Try eating  
new foods

Eat your  
boogers

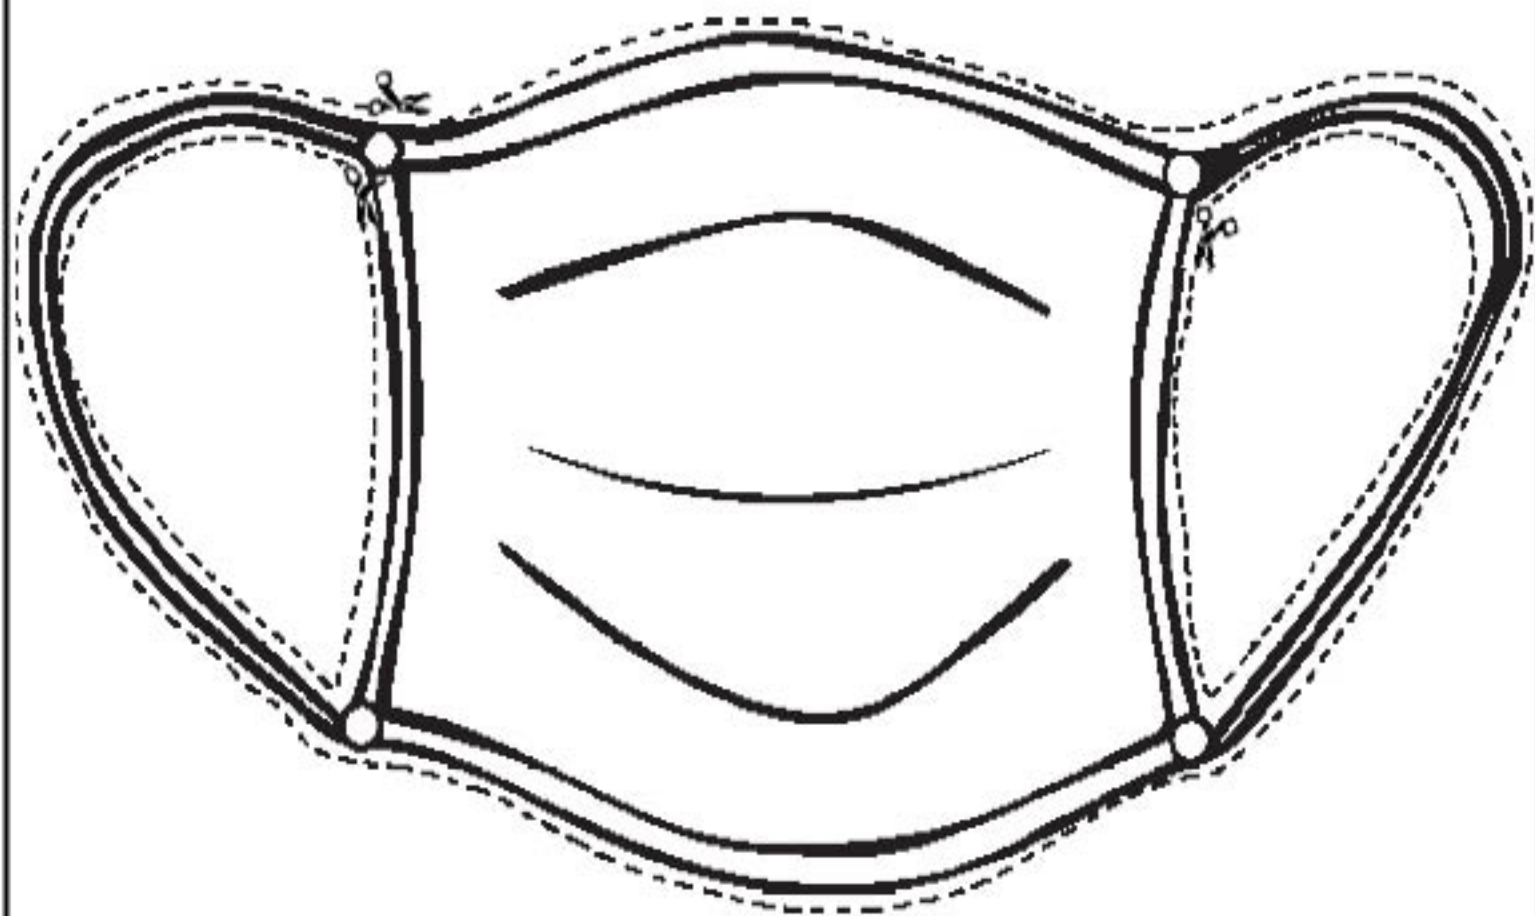

Have a  
dance party  
every day

Forget to  
stay 6 feet  
away

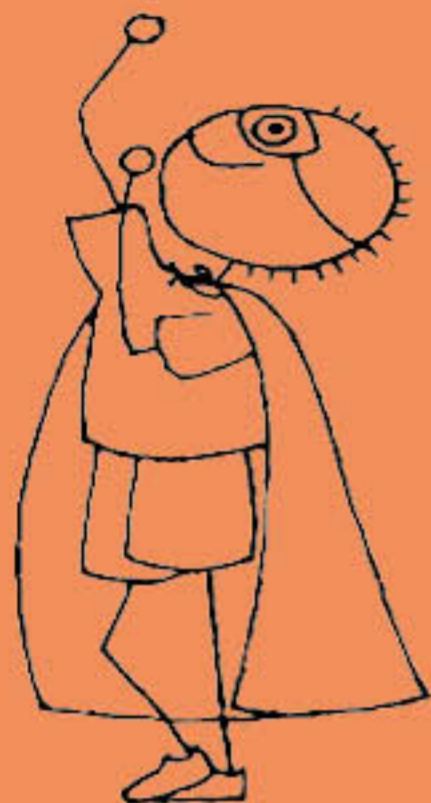

# DESIGN YOUR OWN MASK

Decorate your own mask! Take a picture and show your friends what you came up with!

\*not intended for protective use

# HOW YOU CAN BE A HERO!

## Know your bad guy!

Coronavirus is a germ that makes people sick. Parents and kids from all over the world are staying home so the germs have no place to go!

## Play your part!

You can play a big role in stopping the spread of Coronavirus just by washing your hands regularly and not touching your face!

## Be brave!

It's hard to say for sure when things will be back to normal, but we have to be brave and follow the rules to keep everyone safe!

# HAND-SCRUBBING SONG

To the tune of "Twinkle, Twinkle, Little Star"

**Start the water, grab some soap  
Wash your hands so germs say "nope!"**

**Do it when you eat candy,  
Blow your nose, or when you pee.**

**Scrub them while you read this song,  
Do this twice, let's sing along!**
